MAGAZINE — **MANDARIN LEADERS**

EDITORIAL DESIGN | 2015 | CHICAGO USA

The Chinese decorative elements are designed to match the theme of the magazine, which focuses on successful Chinese at the States. And the templates for the Q & A fulfills the needs to go along with any photos without losing the readability of the texts. My tasks include editing the photos, laying out almost the entire magazine, and making sure both the Chinese and the English texts are grammatically correct.

REDESIGN OF THE WEBSITE USED IN CHINA

WEBSITE DESIGN | 2016 | CHICAGO USA

Analyzed the map of the original website and made a suggested diagram.

The boss prefer still-framed windows, so the users do not need to scroll up and down to look for information. The new website would be responsive.
