PERSON**

5.INTRODUCE ONE MEMBER OF YOUR GROUP

**6.WHAT COULD WE EMPOWER OURSELVES TO MAKE
GOOD USE OF ENGLISH IN FOUR YEARS**

7.A LETTER FOR DR HUANG

Anticipation of the course

- To Improve my oral communicate, and have a strong oral communicate ability just like a native spaker.

Languages and Cultures of Taiwan

- Taiwan's historic development has left the country a diverse linguistic heritage.
- Since the 17th century, Chinese pioneers brought varieties of Southern Min (Hoklo) and Hakka to the island.
- Japanese colonial rule (1895-1945) introduced the Japanese language and saw the implementation of a policy aimed at the spread of that language.
- Republican rule led to the spread of Mandarin Chinese.

- Taiwan has an extremely rich and complex history.
- In order to provide a context for the discussion which follows, it is helpful to first set out a brief geography and history of the island and then to look in greater detail at the languages and cultures associated with present-day Taiwan and, in particular, the various aboriginal, the Chinese, and the Japanese communities

An ethnicity interests you most

—What is oral communication?

- *is the process of expressing information or ideas by word of mouth.*
- Oral communication is the process of verbally transmitting information and ideas from one individual or group to another.

informal

face-to-face conversations,
telephone conversations
discussions that take place at
business meetings.

More formal

business meetings
classroom lectures
a commencement speech given at a
graduation ceremony.

- With advances in technology, new forms of oral communication continue to develop.
- Other modern forms of oral communication include podcasts (audio clips that you can access on the Internet) and Voice over Internet Protocol (VoIP) which allows callers to communicate over the Internet and avoid telephone charges.

Advantages of Oral Communication

- There are many situations in which it makes sense to choose oral over written communication.
- There are many situations in which it makes sense to choose oral over written communication.
- If time is limited and a business matter requires quick resolution, it may be best to have a face-to-face or telephone conversation.
- There is also more flexibility in oral communication - you can discuss different aspects of an issue and make decisions more quickly than you can in writing.
- can be especially effective in addressing conflicts or problems.
- a great way to promote employee morale and maintain energy and enthusiasm within a team.

Disadvantages of Oral Communication

- Despite the many benefits of oral communication, there are times when written communication is more effective.

EX : you may want to exchange important information that needs to be documented using written communication.

- A lot of transactions in the business world require some type of written record, and you will find that even strong verbal skills are not a substitute for putting things in writing
- tends to be less detailed and more subject to misunderstanding than written communication.

Oral Communication Skills

- Be prepared. This is important for both informal discussions and formal presentations. Prepare by thinking about your goals and your target audience.
- Get organized. Even informal discussions in a business meeting will be more effective if you organize your thoughts ahead of time.
- Connect with your audience. Aim for a lively speaking style and pay attention to the non-verbal messages you send. Your appearance, body language, and appropriate use of eye contact can all make a difference.

- Use visual aids. Effective use of visual aids will help your audience to understand, remember, and take action on your ideas.
- Practice makes perfect. You can reduce stage fright and polish your delivery skills by practicing before you give a presentation.

Introduce yourself

- Hello everyone , my name is Yuchen . I live in Yilan ,but 2~5 years-old. I have three family member , father ,younger sister and I .My father was a success business man , but he have been got a illness body for four years. My sister is study at National Yilan Girl Senior High School , she is an outgoing and innocent girl .And I am studying in forginal language and cultural department of FGU. Thank you for your listening.

what would motivate you to talk to the person

When I join a group at once, and someone I want to know more.

Introduce one member of your group

- Bob is not only one member of my group , but also one of my best friend. He is the symbol of special ,cause he had many thought in his mind and cute decorate .His dream is be a designer .however, I wish and it must be come true!

6. what could we empower ourselves to make good use of English in four years

- In the first year , figure out what the English sentence type are .
- The second year , to pronounce them well and how to speak them correctly .
- The third year, make them in to our life and apply them in our future career.

A letter to Dr. Huang

- Dear doctor Huang :

I was glad to in your class again ,I wish I can learn more about oral communicate in this course and you will be more enjoy in the class.

Best regard!
