

# Dinosaurs

Read Level 1 Later Class Teacher Book 第二冊(一年級) 第二冊

My favorite animals are dinosaurs because dinosaurs are big and strong. Some are real and some are just made. I haven't seen a fossil before. I want to see a fossil. But my mom won't let me see a fossil. One day I will go to see a fossil.

# Traveling

Level 2 Class After Class Theme Class (2年級) (2年級)

Last year, my family took me to Florida. It was a beautiful and great place. The first morning, I woke up and I knew it was a beautiful and great place. I had a lot of fun. I laughed so much. That afternoon, we went to the beach and I saw a shark. It was very scary. That night, I went to sleep very happily, because I was very tired. We were enjoying the most fun. When I got to the park, it was very cold. I wanted. Then we went to sit on a boat. We went to the bottom of the boat, because there was a window where we could see into the sea. It was so beautiful. We saw fish, jelly fish and sharks. They were so nice. I had a great time in Florida. Last year, my family went to Singapore. We took an airplane to Singapore. It was so beautiful. We got to the hotel, my mother and we could go shopping. We also went to the zoo. I took the elephant. I like to buy a souvenir. The first night, it was so noisy. But I was happy. I got to go to a little bit of English. I was very happy. I really like traveling. I think the most fun time will be very good. Again, fun and happy.

# My Sports

Level 4 Class After Class Theme Class (3年級) (3年級)

Basketball and football I always go play softball and soccer in the park with my friends. After we play softball, we go to the park and then we go to the park. They are very fun. We go to the park to play. We take the 90.87 bus. When I was a baby, my father taught me how to play sports. My favorite sport is basketball. I can play ball to fight. The other sports are football, soccer, etc. I go home and after basketball with my friends. We will also go to the park to play basketball. There we walk our bodies and we go to sleep. I really love sports. They help me to be healthy.

# My Favorite Game

Read Level 2 Later Class Teacher Book 第二冊(一年級) 第二冊

My favorite game is football. This was created by them and it played on a field. (play it at least once a month. My friend Tom taught me to play football. We would play football together every week if we could. There are many rules in football but the most important thing is that you need to make sure you kick all the balls. Each before and during on the outside for a different formation. It is used to change your own set of rules on the field or play on it. To be used to take two goals or change game. It is used to jump. It is used to hit your opponents. It is used to shoot balls. It is used to throw a ball and shoot the number two goal. The two players are used to walk and control the game. I remember I once playing football because it is very exciting and it has some and everyone to choose from. The characters in football are Messi (Club and Cristiano). In the game, they are running to Earth and find it has been taken over by them. It is their mission to kill all the aliens. You see they think it is very much on my laptop. I enjoy playing multi-player because I enjoy playing with my friends instead of against the computer. I would recommend this game to anyone who likes their games and to be fun people winning games.
