

smarter, stronger, and ready to prove herself.

# SMITH CARTER

She survived the childm  
elstrom and, instead of tak  
ing a quick trip.

My inspiration for IKEA PS 2012 pendant lamp came from both classic pendant lamps and from modern LED technology. With LED technology, light diodes can be built into the shade itself, which reflects the light and makes it less harsh. It gives an even better light to read, eat and work in, quite simply.

With the fall shows well underwa  
and a blizzard on the forecast  
indefinitely, there really is no  
a beter time to start some forecasting  
With the fall shows well underwa  
and a blizzard on the forecast  
indefinitely, there really is no  
best time to start some forecasting  
10 things youcan't live without for
