I am an ambitious designer qualified to masters level with significant experience in business administration and product design fields. My aim is to create high impact sophisticated visuals and branding. I am fully trained in Adobe Illustrator and Photoshop with some branding experience. I also had adequate training in virtual product design.

Through my Designer experience I am able to work to tight deadlines and to multi-task. Client satisfaction is very important to me and I seek to ensure that my design work exceeds expectations by truly understanding client needs.

I am now permanently settled in New Taipei city and am looking for a job opportunity within the Taipei area.
