

## Writing Task 1 <sup>①</sup> depicts

The line graph depicts the number of noise complaints made to Environmental Health authorities, according to different sources of noise in Newtown, between the year of 1980 to 1996. Generally speaking, there was a dramatic increase of noise from domestic or household while road works noise decreased a lot throughout the years. a ~~domestic~~ gradual decrease of noise from road works

In 1980, road construction projects were the major reason to be <sup>major cause of noise pollution in the city</sup> blamed for noise in the city. There <sup>were approximately</sup> around 650 complaints made due to road works. Among all sources of noise, merely ~~around~~ <sup>cases roughly</sup> 300 <sup>due to</sup> were because of traffic. From 1985 to 1989, road works, traffic and domestic <sup>noises</sup> noise all faced a decline in complaint cases. During the same period, noise from factories encountered a slight increase from 600 to 700 <sup>cases</sup>. Since then, the number of complaints had remained the same at 700 <sup>cases</sup> till 1996. <sup>vrr good</sup>

For road construction, noise complaint cases stably decreased since 1990. By contrast, traffic and household <sup>④</sup> noise complaint cases increased twofolds during the period from 1980 to 1996. complaint cases during the period. Domestic and household noise complaints were tripled in 1996 as much as they were in 1989 ??? The graph does not show 1999?

① Always Always Always check your spellings.

② use parallel structure to emphasize the comparison between the two.

③ try to simplify your sentence and widen the range of vocabs chosen. In this case, adding the word "pollution" and avoiding passive verb.

④ the sentence is a run-on sentence with unclear meaning?
