## WHY SHOULD I GET THIS JOB ?

### Common features between Revenue management and SLP :

- They both offer the best arrangement for the limited resources in case to maximize the company's long-term profits.
- They both offered the past analysis and future forecasts.

### Uncommon features between Revenue management and SLP :

- SLP focus more on human than on properties.
- SLP needs stronger leadership.

**I am a quick study, and I'd like to explore these two respects in my future career.**
