Dear Mr. KUO,

On behalf of the IAFOR local organizing committee and the ACTC 2013 conference chair, Professor Steven Cornwell, I am pleased to write that your proposal "Influence factors on the content quality of learning management system: a case study in a secondary school", having met the accepted international academic standards of blind peer review, has been accepted for Oral Presentation at ACTC 2013.

The conference will be held in Osaka, Japan, at the Ramada Osaka Hotel, from the evening of Thursday April 25 through Saturday, April 28 2013. The keynote speaker and plenary session will be on Friday morning. Parallel panel sessions begin Friday afternoon and run for the duration of the conference. Most panels run for 90 minutes, with generally three presenters per panel, so each presenter has 30 minutes total for presentation and Q&A. For more detailed information about the conference, and accommodation, please visit the conference website.

If you cannot attend for any reason, please notify the conference administration team at actc@iafor.org, remembering to quote your submission reference number. Also, if you observe special religious holidays during the conference, please let us know on which day you must not present. Not everyone can be accommodated with preferential dates and time, so presenters should limit any request of this nature to unavoidable situations.

A PDF of the full Conference Programme will be placed on the ACTC website by April 11, 2013. Your name and paper title will be listed in the Programme upon payment of your registration fees. Please check the Programme at that time to make sure all information pertaining to you is included and correct.

Thank you for participating in the Third Asian Conference on Technology in the Classroom 2013. All of us affiliated with the organization aim to make this conference a success.

Yours Sincerely

Joseph Haldane
