

NING HONG

RESUMÉ & AUTOBIOGRAPHY

Mid-term goal

Hold events which could bring the most of the arts to the world, such as touring exhibition, concerts, trade shows

Short-term goal

Matching up more artists' talents with other fields

California poppies, representing me, since it doesn't afraid of cold, and it can survive in diverse kinds of environments. I love the kind of plant, because of its bright warmly color, and elegant shapes.

My experiences covered different fields, but all related, which are focused in the mixture of "arts," "business," and "passion." All my stories make who I am today.

Today, must be better then yesterday!

2014
