

# 玻尿酸保濕化妝水

# 產品基本資料

系列頁簡述(限150字內)	獨家超能賦活保濕科技，五重玻尿酸與十一種氨基酸升級配方，由內而外補水、保水及鎖水，使後續保養更有效。 Intensely plum skin's moisture and fortify barrier in and out while preparing it for next skincare routine.
特色 指彩:限4行，每行最多50字 彩妝&保養:限5行，每行最多50字 (文字前不用加符號或數字)	超能賦活保濕科技，全方位保水補水鎖水 Holistic formulation actives hydration and barrier 長效保濕：五重玻尿酸 X 十一種氨基酸 Deliver intense long-lasting moisture 高效滲透：水潤不黏膩，保養好吸收 Prepare skin to efficiently absorb 舒緩修護：酵母萃取，鎖水、保濕、舒緩 Rehydrate and soothe skin without stickiness 無油、無酒精、無香精、不致痘 Non-oil, -alcohol, -fragrance, and -comedogenic
使用方法 (文字前不用加符號或數字)	Apply to a cotton pad and gently sweep over face after cleaning Gently press into the skin for better absorption Soak in cotton pads and put on dry area 3-5 minutes for instant replenishment. Use it after regular exfoliation to enhance absorption
注意事項版本	Skincare
產地	Taiwan
保存期限	3 years

# 商品訴求 B (單獨一cut)

## A. 商品訴求(單獨一CUT)

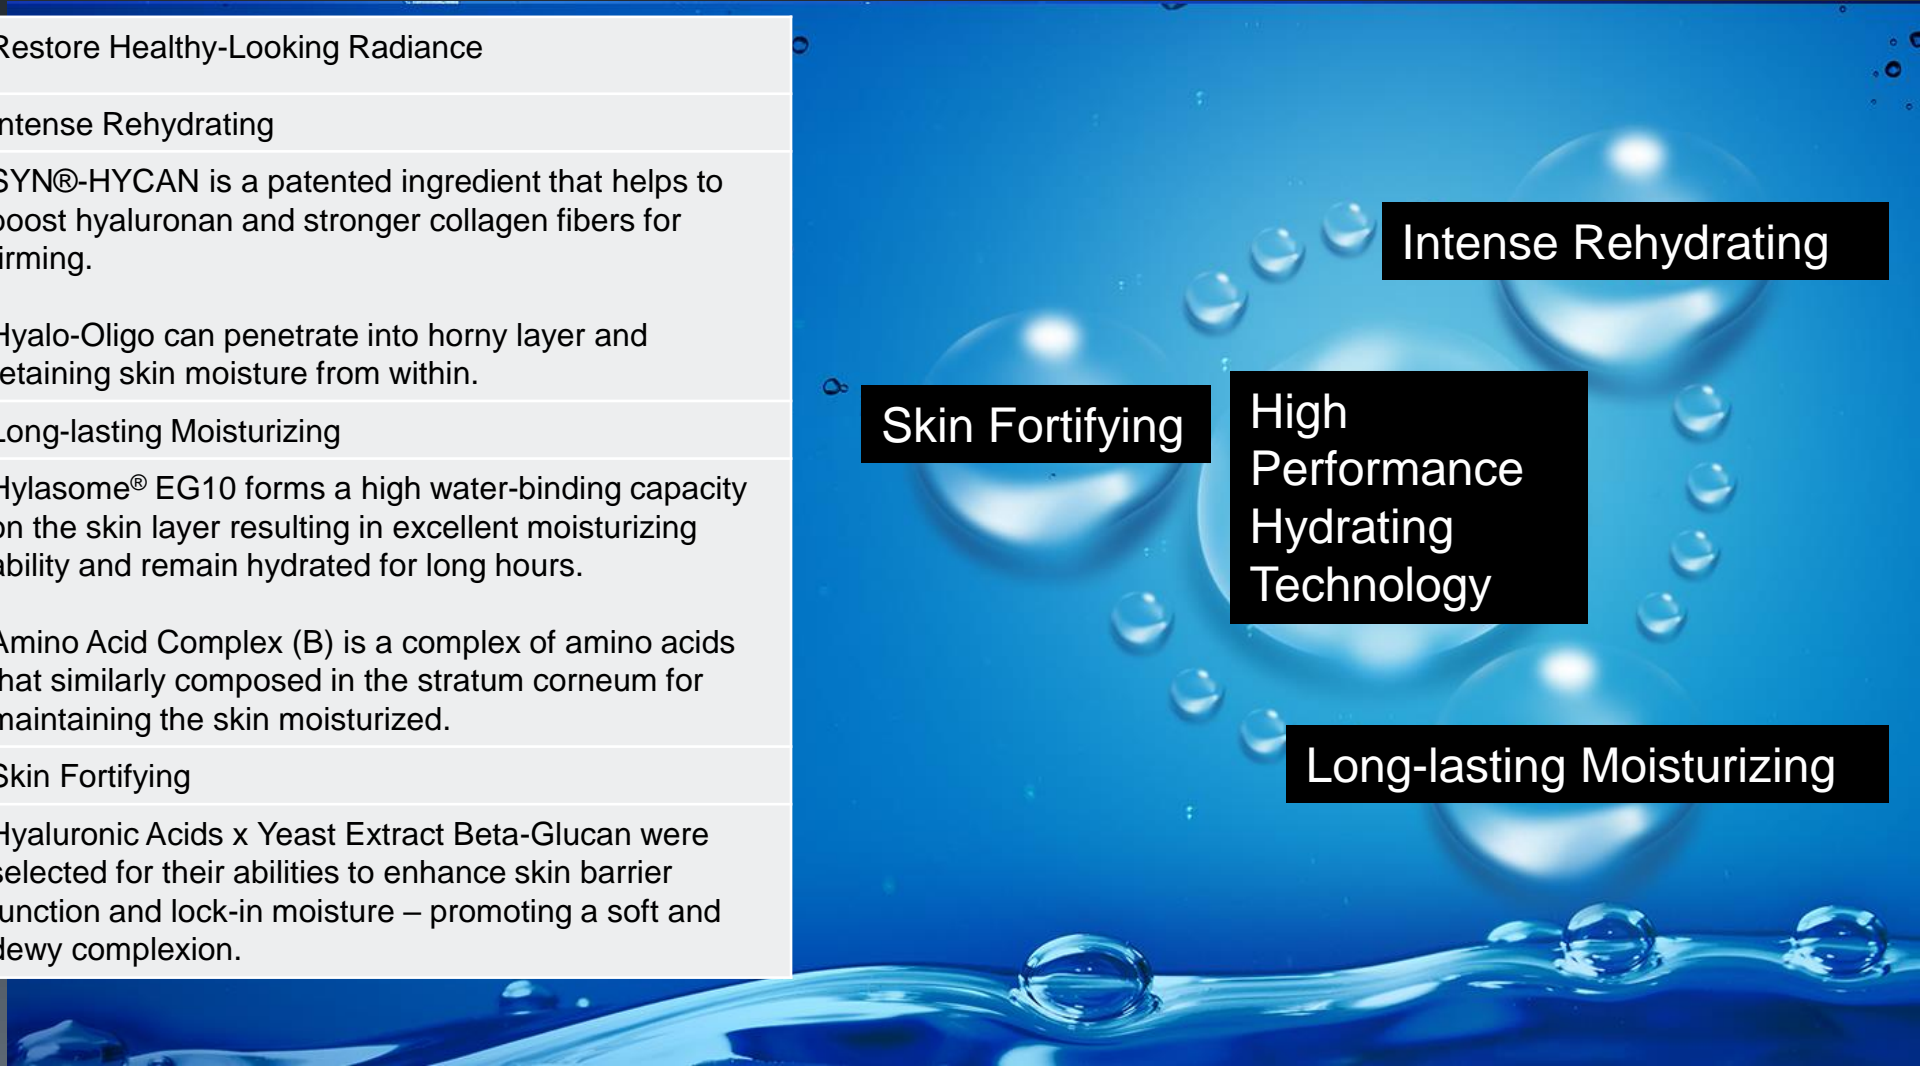

中標	Restore Healthy-Looking Radiance
小標	Intense Rehydrating
大內文	<p>SYN®-HYCAN is a patented ingredient that helps to boost hyaluronan and stronger collagen fibers for firming.</p> <p>Hyalo-Oligo can penetrate into horny layer and retaining skin moisture from within.</p>
小標	Long-lasting Moisturizing
大內文	<p>Hylasome® EG10 forms a high water-binding capacity on the skin layer resulting in excellent moisturizing ability and remain hydrated for long hours.</p> <p>Amino Acid Complex (B) is a complex of amino acids that similarly composed in the stratum corneum for maintaining the skin moisturized.</p>
小標	Skin Fortifying
大內文	<p>Hyaluronic Acids x Yeast Extract Beta-Glucan were selected for their abilities to enhance skin barrier function and lock-in moisture – promoting a soft and dewy complexion.</p>

Skin Fortifying

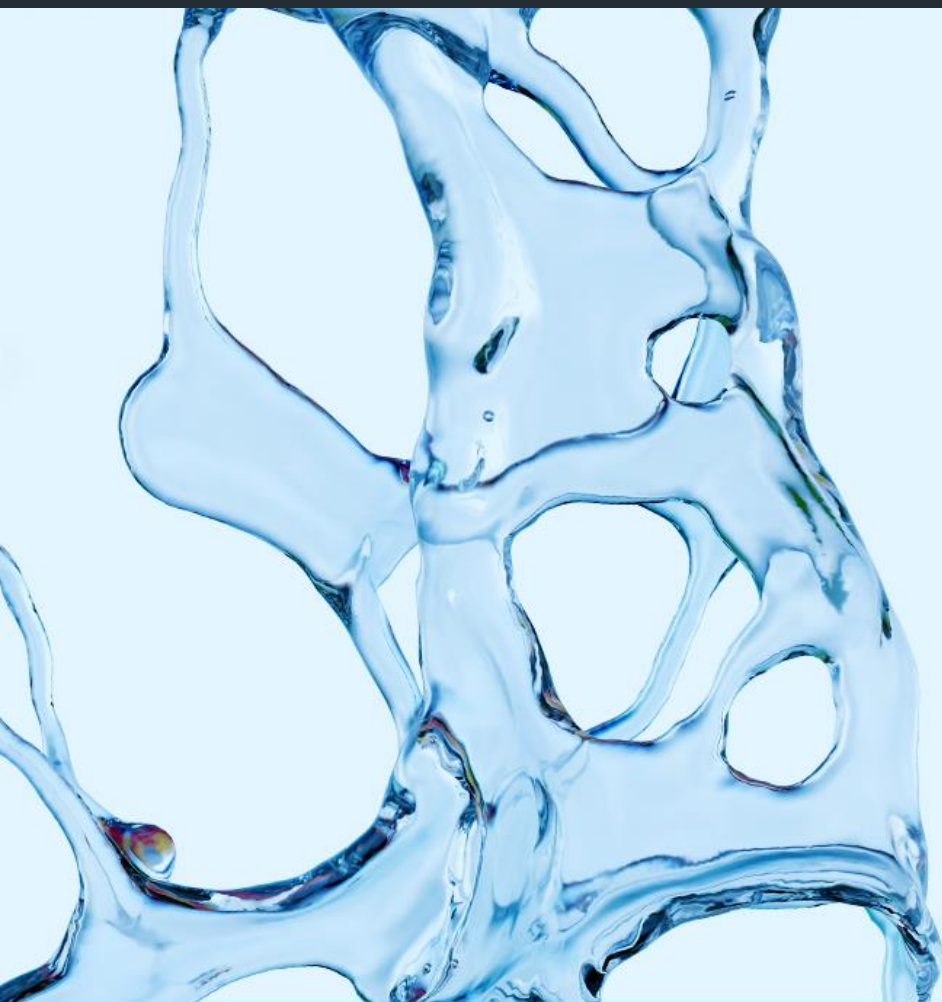

High Performance Hydrating Technology

Intense Rehydrating

Long-lasting Moisturizing

## 商品訴求(單獨—CUT)

大標	The Key Factors for Long Lasting Hydration
小標	Hylasome® EG10
大內文	It has an unique non-equilibrium gel structure with gel domains that hold tightly bound water that forms a film on the skin and deliver water over time.
小標	Amino Acid Complex (B)
大內文	A reinforced complex of 11 amino acids – Arginine, Leucine, Glycine, Alanine, Serine, Valine, Proline, Threonine, Isoleucine, Histidine, Phenylalanine, has the similar composition to amino acids in the stratum corneum to help skin retain hydration, conditioning it in healthy complexion.

# 特色成分

	成分	功效
1	大中小玻尿酸 (Hyaluronic Acids)	三種分子玻尿酸組合，打造強大吸水力，全面啟動鎖水、抓水、保水機制，由內而外增加皮膚含水量，同時形成鎖水薄膜、避免水份散失。 A combination of three molecular sizes hydrator that instantly attracts and retain abundance of skin's moisture in and out for long-lasting hydration.
2	玻尿酸胜肽 (SYN®-HYCAN)	專利級成分，能促進玻尿酸生成，讓肌膚更加水潤、緊緻有彈性。 A potent ingredient designed to boost hyaluronan content and increase the expression of firmer skin.
3	網狀玻尿酸 (Hyalosome® EG10)	特殊凝膠結構能有效吸附水分，並在肌表形成保濕網，除了緩釋保濕成分，更網住肌膚水分、減少流失，達成長效鎖水保濕。 An unique non-equilibrium gel structure with gel domains that features high water binding capacity to replenish, moisture, and maintain hydration.
4	酵母萃取 β-葡聚糖 (Yeast Extract Beta-Glucan)	提供優異的保濕效果，在肌膚形成保護膜，能有效降低皮膚刺激並提升防禦力、舒緩乾枯肌膚。 Providing high potency hydrator to enhance skin barrier function for decreasing irritation and soothing dryness.
5	氨基酸保濕複合物 (Amino Acid Complex(B) )	由精氨酸、天門冬胺酸、甘氨酸、丙氨酸、絲氨酸、纈氨酸、脯氨酸、蘇氨酸、異賴氨酸、組氨酸、苯丙氨酸等11種氨基酸組成，與皮膚氨基酸比例結構相似，具良好保濕效果。 It is a similar composition to amino acids in the stratum corneum including Arginine, Leucine, Glycine, Alanine, Serine, Valine, Proline, Threonine, Isoleucine, Histidine, Phenylalanine to help skin retain hydration for healthy complexion.
