My love...

June 24th is the day
you asked me to be yours,
I had no idea you would
have the cure,

The cure to mend my broken
heart,
I don't even know where to
start,

The past few months has been
absolutely great,
I am really starting to believe
this is fate,

We have had so many rough patches
in this short time,
But every time you called I would
turn on a dime,

I believe everything happens
for a reason

We met on aisle one and you talked
to me for the first time on aisle four,
I didn't know then you would have the key
to my hearts door,

The funny thing is we started as just
friends,
I promised I would be there until the
end,

Things started getting more serious
everyday,

You really cared so they would
say,

I Loved you from the very
start,
You promised me we would never
part,

Everything was moving so
fast,
I was thinking go I really hope we
last,

Now things are so much different
than before,
The touch of your hand just cuts me
to the core,

You're everything to me,
This I hope you can see,

I fall harder and harder
everyday,
Baby, you have showed me the
way,

The way love is supposed to
be,
And that you really do love
me,

You showed me that I deserve to be
treated right,
This feeling is one I just can't
fight,

I wake up every morning knowing you're
mine,

My Baby who's love is so
kind,

My love for you will never
fade,
The most wonderful thing we have
made,

I Love you more than life itself,

I hope you know what I am saying is
true,
And I will always be true to
you,

I could spend the rest of my life with
you,
I hope you see your future with me
too,

I want you to know that you are absolutely
great,
My heart keeps telling me that you are my soul
mate,

My love for you is stronger than
ever,
I feel that we are looking at forever,

No one falls in love by choice,
it is by chance,
No one stays in love by chance
it is by work,
No one falls out of love by chance,
it is by choice!
