To Whom It May Concern

I would like to recommend Ms.X for the position of Registered Nurse.

Ms. X has been invaluable to XXX Hospital owing her ability to manage and care for her clients efficiently while providing support for her team members. She is a positive influence on other nursing staffs who have just begun their careers and has the capacity to demonstrate nursing potential like no other in her group. She also has impressive scores and awards in nursing school according to her University record.

While excelling academically and working hard clinically, Ms.X also takes time to help others. She was a member of the Local Community Service Club and spent time helping in volunteer programs.

In addition, she holds professional certification in CPR+AED, Basic Life Support (BLS), and Advanced Cardiac Life Support (ACLS).

Ms. X was a proven asset to our hospital, and will be a brilliant nurse in yours, too.

Sincerely,

XXX, RN, MSN  
Nursing Supervisor
